CORE EXPERTISE

Flutter, Dart

Nest.js, TypeScript

React.js, Next.js

Redux

ENGINEERING

AI-augmented development

Clean Architecture

Hexagonal Architecture

CQRS / Design Patterns

SOLID, Clean Code

CI/CD (GitHub Actions)

Git

LANGUAGES

French: Native / Excellent

English: Technical / Beginner

Application developer with over 7 years of experience, specializing in Fullstack (React, NestJS) and cross-platform Mobile (Flutter) development. Focused on designing high-performance, scalable, and maintainable software using modern engineering principles (SOLID, Clean Architecture, CQRS). On a daily basis, I supervise development teams and actively mentor interns to facilitate their professional integration.

ENGINEERING JOURNEY

Fullstack & Mobile Developer | Tech Lead

Crina Studio | Yaoundé | Nov 2022 – Present

- End-to-end design of Web/Mobile apps (Flutter, React, NestJS).
- **Technical team leadership, code reviews, architectural audits (SOLID).**
- **Onboarding, training, and supervision of interns.**
- Implementation of Clean, Hexagonal, and CQRS architectures.
- Automation of CI/CD pipelines on GitHub.
- Process optimization via AI (AI-augmented).

Cross-Platform Mobile Developer (Flutter)

GOHZE | Yaoundé | Jan 2021 – Oct 2022

- Transforming ideas into intuitive mobile apps.
- **Mentoring junior developers, technical guidance.**

Cross-Platform Mobile Developer (Flutter)

Kernel SARL | Yaoundé | Nov 2019 – Jan 2021

- Development and maintenance (Kernel Travel).

EDUCATION

Bachelor's Degree in Software Engineering and Databases

SIANTOU University Institute | Yaoundé | Sep 2017 – Sep 2020

HND (BTS) in Industrial Computing and Automation

SIANTOU University Institute | Yaoundé | Sep 2017 – Jul 2019
